| 24 | 37 | 53 | $331 / 2$ inches or shorter |

All measurements are in inches.

## HOW TO MEASURE

WAIST: Meausure just above hipbone at the natural waistline. Stand relaxed, not holding your stomach in, as this will result in an inaccurate measurement. INSEAM: Measure from base of crotch to top edge of shoe, standing upright.
Try to wear the shoe that will be worn with the pants.
HIPS: Measure around the fullest part of the buttocks.
